Arrive as a stranger, leave as friend

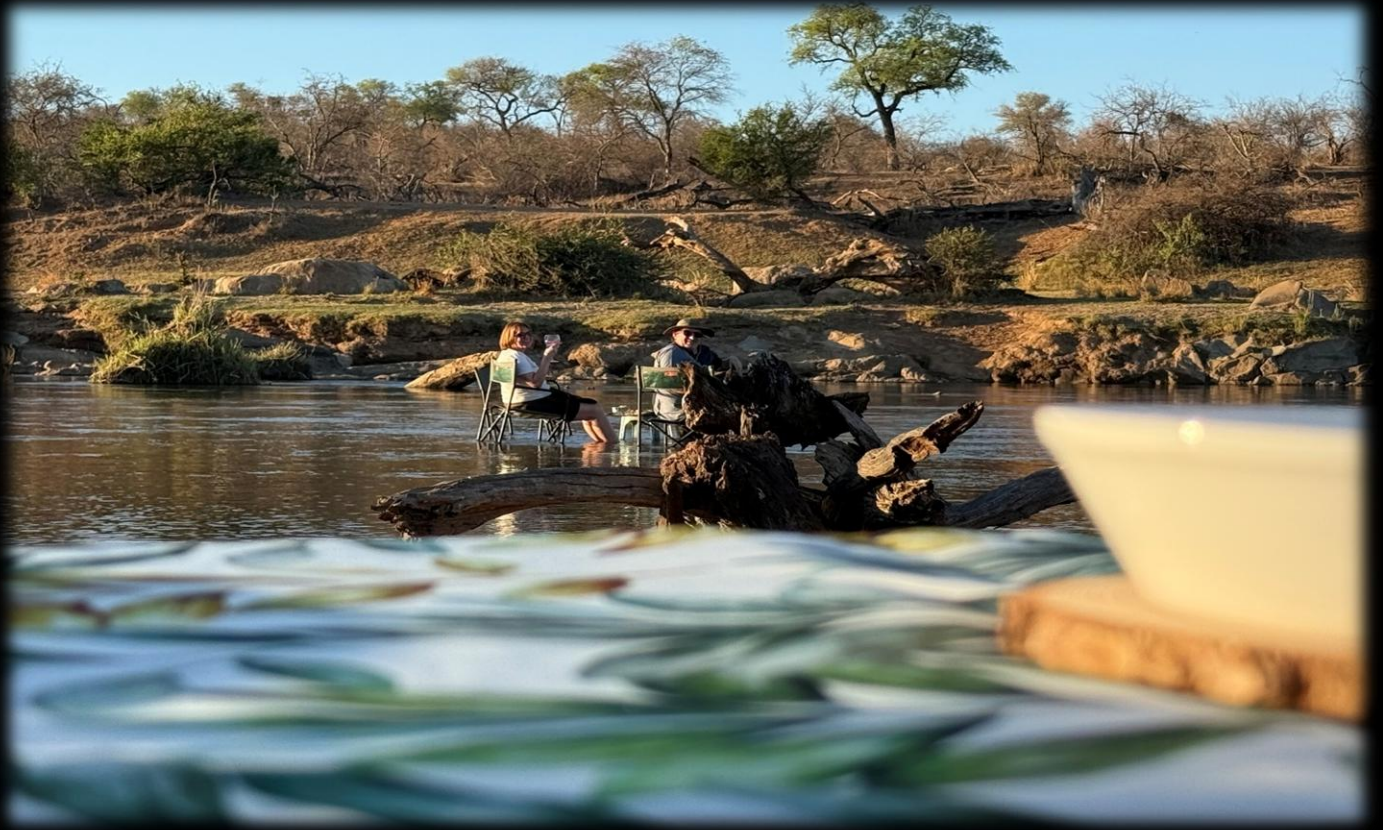

www.deonburgersafaris.com

At Deon Burger Safaris, we pride ourselves on providing a hunting experience like no other in South Africa. Located in the breathtaking regions of Limpopo and Kwa-Zulu Natal, our safaris offer a unique blend of excitement, challenge, and natural beauty.

The adventure does not end there, if you desire to expand the horizons and hunt in other regions we can accommodate any requests. Be it an adventure for one, or together as a couple, we will make sure that the memories are etched in stone....

Each safari is individually planned to the last detail ensuring that all is covered. A large variety of species can be hunted all year round, however for comfort the best times to hunt start from April till September where temperatures are not uncomfortably hot. Focus is not only on the hunt, but the adventure for both the hunter and non-hunter alike ensuring complete satisfaction.

Accommodation

To ensure complete satisfaction, prior preparations are essential in informing us of any special food requirements or allergies. All lodges have comfortable beds, WiFi and mostly always air conditioned to ensure comfort on the hot days following hours in the veld stalking your prey.

Accommodation can be either on the hunting area, or if requested in the Greater Kruger area where the Big 5 roam freely and daily travel to the hunting area is required
